

ENVIRONMENTAL POLICY

JC Consulting Ltd. (the Company) recognise that our activities and services impact on the environment.

We are committed to protecting the environment, the prevention of pollution and ensuring compliance with all applicable environmental legal and other requirements.

We also strive to improve our environmental performance by:

- Reducing unnecessary production of waste.
- Reducing unneeded consumption of resources including energy, materials and water.
- Ensuring that due care is exercised in the disposal of waste.
- Ensuring our services minimise disturbance to people and their property, wildlife and their habitats, areas of historical interest, protected buildings etc.
- Ensuring work near water courses is carried out avoiding any risk of pollution.
- Using recycled and recyclable products and materials wherever practically possible.
- Acquiring material from sustainable sources where reasonably practicable.
- Regularly reviewing and updating the objectives and targets.
- Promoting continual improvement across the Company

This Environmental Policy is communicated to all staff who work for and on behalf of JC Consulting Ltd and will be made available to the public via our website.

The Company Directors give their full support to all employees who are involved in the implementation of this policy.

Signed, on behalf of JC Consulting Ltd,

Signed: 

Craig Higgins
Director
